

### Memorable Texts

“Memorable Texts” is an opportunity for you to share a book that you have read with the class. By providing your peers with information on a book you enjoyed they may be encouraged to read it. This is an opportunity to get others excited about reading and to share your enjoyment of a text with others.

Each Memorable text that you present you will bring a copy of the book to show the class. You will need to tell the class the **title** of the book and the **author’s name**. Then, you will **tell a bit about the characters and story** – just enough to get others intrigued, but *not* enough to give the story away! Next, you can **explain why you liked the book**, and finally, you will **read a short passage** from the book (*no more than a page*) that you think will give your Classmates a “taste” of the story and make them want to read more.

After each Memorable Text, students will have the chance to ask the presenter questions, if they wish. The entire presentation, including answers to question, approximately 5 minutes.

\*\*\*Please note there is no class time allowed to prepare for your Memorable Text.
